

Chemical Engineer

Ref #: 12-1004-0321

ENGLISH- ARABIC

DUBAI

Education

American University of Sharjah (AUS), United Arab Emirates
Bachelor degree of Science in Chemical Engineering (graduated spring 2013)

Work Experience

- **Chemist:** ENOC (Emirates grease and manufacturing plant) Dubai. 2015- Present
- **Chemical Engineer & project coordinator:** Middle East Tanking Solution (METS), Chemical Storage Terminal- Fujairah, UAE. 2013 – 2015
- **Teacher Assistant in the Physics Department** in American University of Sharjah, UAE 2012- 2013
- **Intern chemical Engineer in VTTI** (Fujairah crude oil refinery) Fujairah- June 2012

Other Proficiencies

- Training certificate for IATF 16949
- Training for Safety awareness and handling chemicals
- Certificate for ISO 17025 awareness and internal Auditing
- Certificate in Lubricating oil knowledge from technology

Computer Skills:

- MS Offices (Word, Excel, and Power Point)- Mathcad 2000 -Maple - Aspen, HYSYS – MATLAB- Polymath Oracle -LIMS

Relevant University Projects

- Designing a green building that relay on renewable energy sources without the use of any fuel cells – Senior Design with A grade.
- Additional major courses as corrosion, petroleum refinery, and biomedical along with lab site work.
- Working on projects involving a design of separation process on Hysys and hand calculations.
- Designing reaction processes with the use of Hysys and matlab Project
